

Rabbit shopping list

☒ Rabbit(s)

Rabbits are very sociable and often crave the companionship of their own kind. Having a bonded pair is often a recipe for happiness, especially during the day when you are at school and cannot spend time with your rabbit.

Both rabbits must be desexed to avoid breeding or fighting. The best match is a neutered male and spayed female.

☐ Large hutch

Minimum of 1.6m (length) x 0.8m (width) x 0.75m (height)
